

Food Delivery system

Design Document

The Software quality attributes in focus:

- Compatibility
- Usability- Appropriateness recognizability , User interface aesthetics.

The following wireframes were prepared keeping in mind the above mentioned quality attributes:

(1)

Restaurant Name

Cart

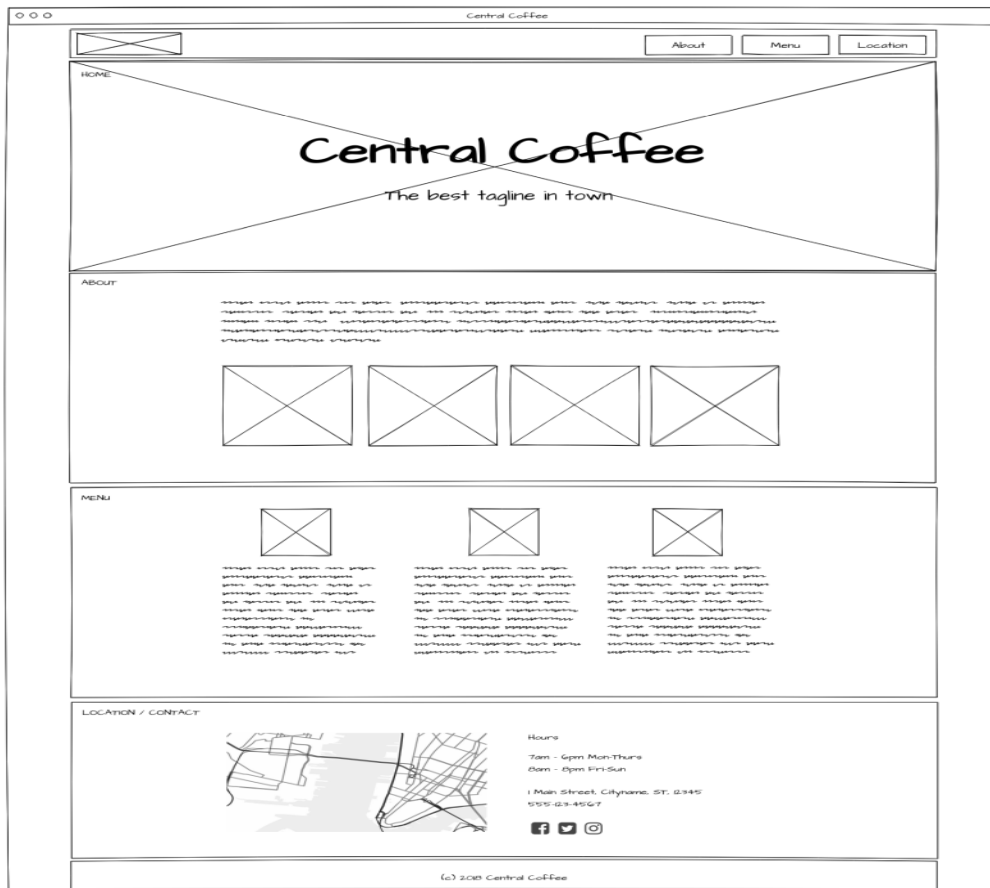

Item 1	Price	✕	Edit
Item 2	Price	✕	Edit
Item 3	Price	✕	Edit
Item 4	Price	✕	Edit

Personal Info:

Delivery Address:

The above wireframe is a very rough representation of what we wanted our cart page to look like keeping in mind the appropriateness recognizability under the usability quality attribute. The above cart page lets you add/remove items to your cart from the restaurant menu and shows you the current cart status as well as the total amount. Below the cart, you are provided with fields to enter your personal information like name, contact, delivery address, etc. And a button for confirming your order or cancelling it is also provided.

(2)

This is the basic wireframe we have referred to for the look of our homepage keeping in mind the user interface aesthetics under the usability quality attribute. We wanted the website to look clean and concise in order to make it look aesthetically pleasing. We have used the formal set of icons and symbols which are generally used most of the time to make it easy to understand and browse through the site.

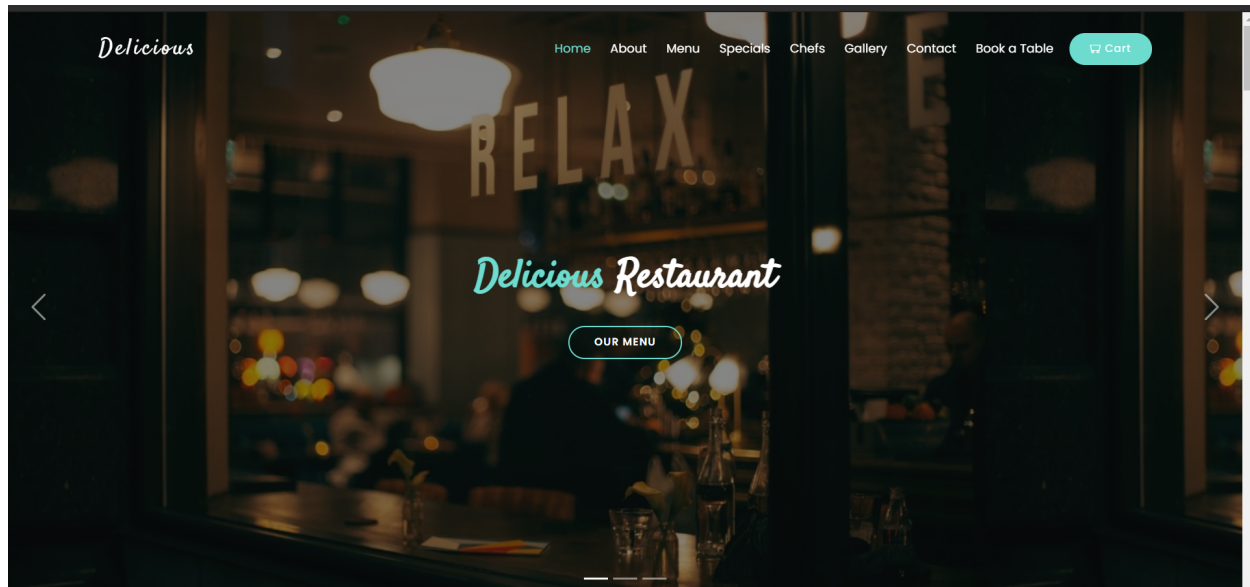

(3) The website was made with Compatibility quality attribute in mind. The website can co-exist/run without causing any issues to the processes in the background and can perform its required functions efficiently while sharing a common environment and resources with other products. Also the website interacts with other products like gmail to send information. Whenever the user uses the functionality of Sending feedback,

SE Project

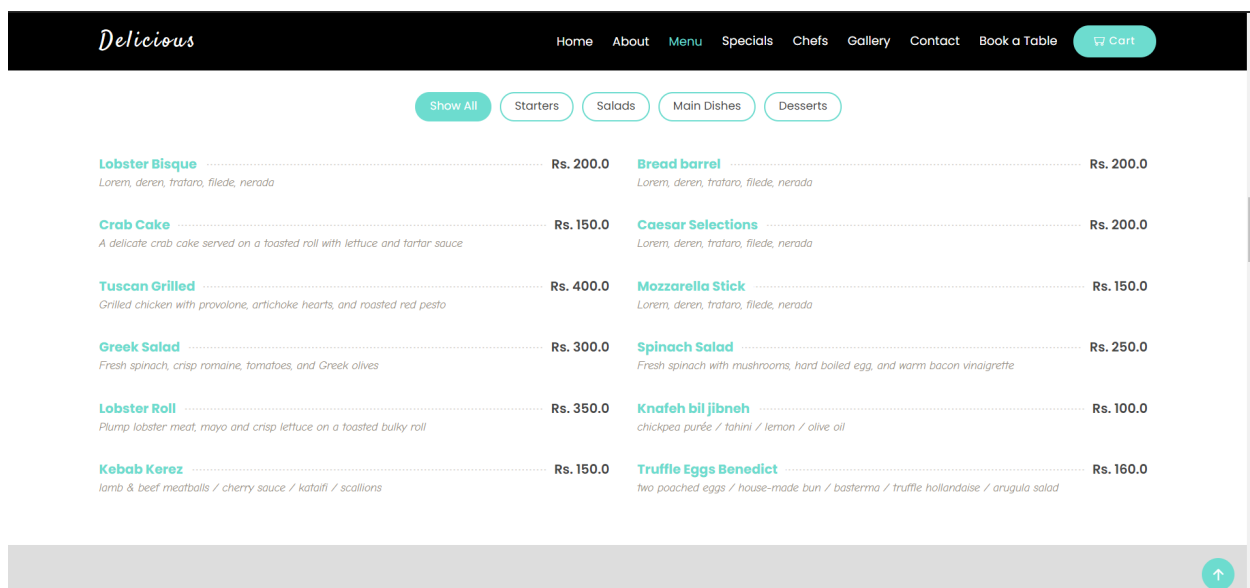

Praneet (B19CSE066), Priyansh (B19CSE067)

proceeding to checkout or booking a table, an email is sent to the restaurant manager about the same and the user is prompted about the actions.

Final look of the website:

The homepage(above) and the menu(below)
